Dear Parents,

International / Maths Week

On Monday 16 November 2015 we will start celebrating our International/Maths Week. Throughout this week we will be holding several special events for your child to take part in. Below is a list of activities and dates/times of when these will be taking place:

- Each child will be given a 'Maths Passport'. Throughout the week they have the opportunity to earn stamps in order to complete the passport. They do this in four ways:
 - Learning how to count from 1-5 (KS1) and 1-10 (KS) in three foreign languages
 - Completing maths problems each break time lunchtime
 - Learning an international song in music
 - Taking part in international maths activities that will take place in their classroom

On Friday, we will have an assembly to discuss the international maths activities that the children have been investigating in the week. After the assembly, we will have a flag parade and students are asked to dress in their traditional costume and/or their country colours for this day.

Following the flag parade, we will continue our BISI tradition of the International Food Court to celebrate the cultural diversity of our students. This is an opportunity to give our children an international experience both visually and by tasting a variety of international foods. We have a wide variety of nationalities represented. Many thanks go to Stefanie Lepore, Marlie Stassen, Fulya De Moor and all PTA members for organising this event, and a huge thank you to all the parents who will decorate the classrooms and cook delicious dishes for the Pre, Primary and Secondary School!

Yours sincerely,

Paul Pembridge
Area Leader for Mathematics

Amanda Ilhan
Pre and Primary School Deputy Director
